

Stock SEQplus universal sequencing primers

In addition to custom synthesis of sequencing primers, we hold some frequently used universal sequencing primers in stock (HPLC purified):

Cat.No.	Product	Sequence	Unit
1072 - F	M13F SEQplus, 2 nmol	TGTA AACGACGGCCAGT	pc.
1072 - R	M13R SEQplus, 2 nmol	CAGGAAACAGCTATGACC	pc.

The primers contain SEQplus modification at the 5' end.
